## EXPERIENCE

### DESIGN MANAGER • NAGA ARCHITECTS • MAY 2017 – PRESENT

Managed key residential projects from concept to tender leading a team of architects, interior designers and engineers. Lead project design to meet client expectations, coordinated with other consultants and in-house departments to ensure following relevant standards and project timeline. Actively follow-up construction activities and advise site teams when necessary.

#### Key Achievements:

- **B+G+16 Mixed-use** - Bay Residences, RAK, UAE for RAK Properties - Design management from schematic to tender.
- **G+1+R Compound** – Deyar Al-Hassa housing, KSA for Dahab – Detailed design of 2945 units. Evaluation of cost saving strategies for limited budget construction.
- **B+G+1+R Villas** – Dubai Hills private villas, Dubai, UAE for several clients – Design Management and Construction supervision for 12 luxury villas. Review of preconstruction documents/ drawings. Client relations, coordination and project management.

### PROJECT ARCHITECT/ BIM COORDINATOR • NAGA ARCHITECTS • AUG 2014 – MAY 2017

Acted as the main contact at Riyadh office. Liaise with clients, contractors for new and existing projects. Developed Naga's construction team technological skills for proactive clash detection and on-site coordination. Design and participate in the development and supervision of KSA projects including 4-star hotels, commercial and residential projects.
